

## SPICE - REHOMED IN 2007, AGED 9

“I was so lucky to have the honour of adopting this handsome old boy. He is my constant companion and no matter where I am in the house or garden you will find Spice lying at my feet. He is a very quiet dog and gets on well with other dogs and they all come over and lick his muzzle. I have never been so lucky to have a dog like him and I will love him forever. He is my protector, and my best friend.”

Ailsa

## DO YOU HAVE SPACE IN YOUR HEART FOR AN OLDER BOXER?

When adopting a boxer, why not consider an older boxer that needs some love and comfort in the latter years of their life. Over the years we have rehomed several older babes and the joy they bring to those around them is immeasurable.
