

CELEBRITY SUPPORTERS

Scotland & Edinburgh rugby player, Jim Hamilton is owned by his boxer, Bruce. Jim is a strong supporter of BWS, coming along to events & making donations. Jim says:

I have seen firsthand the hard work and commitment the people at BWS do. Every case is unique and different and has its different challenges. I know the hard work will continue at BWS and the boxers will touch the heart of those privileged to have them in their lives, just like I and so many others have had.

F1 star, Jarno Trulli has had boxers in his family all his life. This is what he

has to say about BWS: *My two young sons like very much to watch the dogs running around and showing off! Like me, they are also growing up with Boxer dogs in their lives! I support the work of Boxer Welfare Scotland: they are doing a good job looking after Boxers which need a new home and taking care of the sick ones.*

BOXER WELFARE SCOTLAND

rescuing and
rehoming boxers
across Scotland

ABOUT US

Boxer Welfare Scotland was founded in January 2005 and we received our charity status as a boxer rescue not long afterwards. Since then we have rescued and rehomed around 380 boxers through our adoption processes.

Boxer Welfare Scotland also hopes to promote responsible dog ownership and, through training, help reduce the number of unwanted dogs. All our rehomed dogs have time spent with them and are assessed by our volunteers before adoption.

Our founder, Lorraine Cumming, the other Trustees and their dedicated team of volunteers commit a lot of their time, energy and love to helping rescue boxers in need across Scotland. Our volunteers are currently based in five main locations; Peterhead, Glasgow, Edinburgh, Falkirk and Moray. Our adoption and rescue policies help us ensure that all our rehomed boxers are safe, secure and well loved.

Rescue boxers deserve just as much love and attention as the cute puppy advertised in your local paper. Adopting a rescue boxer gives hope to a lost soul and breathes life back into a sad heart.

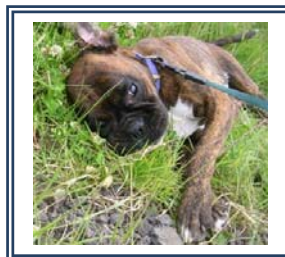

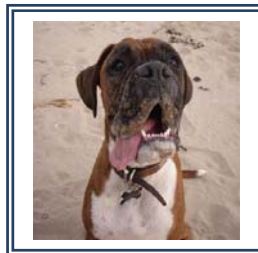

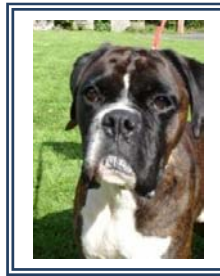

A rescued boxer truly is a grateful friend and loving companion for life.

HOW YOU CAN HELP

- ✓ Can you offer a loving home to a boxer in need?
- ✓ Can you give some of your time to help out?
- ✓ Can you fundraise?
- ✓ Can you donate?

If the answer to any of these is yes; then please get in touch with us!

HAPPY ENDINGS

OUR MASCOT

Our mascot, Lucy was left in the care of Boxer Welfare Scotland by an anonymous member of the public after she was found living in horrendous conditions in a flat that someone was using as a puppy farm. Lucy spent the first two years of her life trapped in a crate surrounded by squalid conditions.

Lucy was severely malnourished and her growth was stunted but is now in perfect health and is a very happy boxer, thanks to plenty of love, care and attention.

When buying a puppy please remember to check out the breeder and kennels beforehand. Please help stop puppy farming.
